Discovery Summer Camp 2026

Mathematics, Fun, Sports & Adventure

Indoor & Outdoor Activities | Ages 5-12 | 9:00 AM - 5:00 PM

July 2nd - August 28th, 2026 | Closed: Civic Holiday, Monday August 3rd, 2026

discoveryacademy.ca | 647-801-6899 | 10030 Yonge St., Richmond Hill, L4C 1T8

Introduction

Discovery Academy is proud to present the most FUN MATH CAMP of the summer! Our 2026 Discovery Summer Camp is designed for children aged 5 to 12, running Monday through Friday from July 2nd to August 28th, 2026 (closed on Civic Holiday, Monday August 3rd). Each day runs from 9:00 AM to 5:00 PM.

This year's camp is built around an exciting theme: Mathematics, Fun, Sports & Adventure. Using our innovative integrative educational techniques, we make math exciting, meaningful, and memorable. Through travel-themed adventures, space exploration, treasure mapping, and hands-on experiments, children will build confidence in multiplication, mental math, sequences, patterns, measurements, and scaling — all while having the time of their lives.

In addition to our signature math program, campers will enjoy a rich variety of physical, creative, and cultural activities including sports, dance, chess, science experiments, arts and crafts, meditation, karaoke, costume parties, splash pad, and much more. Homestyle hot lunches are provided daily, and families receive daily photos and videos so they never miss a moment.

Educational Activities

Our camp is designed to make learning an adventure. Every activity is thoughtfully connected to our core educational curriculum, keeping young minds engaged, curious, and growing throughout the summer.

Math Program — The Heart of Camp

The most FUN MATH CAMP is here! We focus on the multiplication table, mental math, sequences, patterns, measurements, and scaling — presented in an easy, interesting, and fun way. Campers will travel from continent to continent, fly to space, and search for hidden treasures, all while developing and strengthening their math skills. Our innovative integrative approach ensures every child leaves camp with greater confidence and ability in mathematics.

IQ & Memory Training Games

Every day begins with IQ Games and Memory Training activities designed to sharpen focus, improve concentration, and develop critical thinking skills. Through puzzles, logic challenges, pattern recognition, and memory exercises, children build the mental foundation for academic success in a playful and engaging environment.

Science Experiments

Each week campers participate in hands-on, interactive science experiments that bring STEM concepts to life. Activities explore energy transformation, air pressure, static electricity, and much more — all with elements of mathematics woven in. Experiments are conducted under full supervision in a safe and exciting environment that sparks natural curiosity.

Fun English Classes

Our Fun English sessions inspire a love of language and literacy. Students explore creative writing, reading comprehension, storytelling, and presentation skills. They will craft their own short stories, work through the editing process, and even illustrate their own mini-books — all in a supportive, imaginative atmosphere.

Library Visits & Workshops

Weekly library visits give campers dedicated time to explore books, participate in guided reading workshops, and engage in quiet, focused learning. These visits nurture a love of reading and help develop comprehension, vocabulary, and a lifelong appreciation for literature.

Mapping Game

Campers become explorers as they create maps, decode clues, and search for hidden treasures. This immersive geography and math activity develops spatial reasoning, measurement skills, and teamwork — all wrapped in a thrilling adventure storyline.

Culture Lessons

Our world-themed curriculum takes children on a journey across continents. Through culture lessons, campers discover traditions, languages, foods, and landmarks from around the globe, building cultural awareness, empathy, and a broader understanding of the world they live in.

Physical Activities

Keeping children active and energized is a key part of the Discovery Summer Camp experience. Our physical programming is varied, fun, and designed to develop teamwork, coordination, and a lifelong love of movement.

Morning Yoga & Meditation

Every morning begins with a calming session of yoga and meditation, setting a positive tone for the day. Children learn simple breathing techniques, stretching routines, and mindfulness practices that reduce stress, improve focus, and support emotional well-being. This peaceful start to the day has been shown to enhance concentration throughout all subsequent activities.

Sport Day at the Park

Every Monday, campers head out to the park for an exciting Sport Day! Activities include soccer, basketball, relay races, volleyball, badminton, and a variety of team-building games. Children learn the rules of different sports, develop physical coordination, and build sportsmanship and teamwork in a fun outdoor setting.

Gym in the Nature

Our outdoor gym sessions take physical education beyond four walls. Set in natural surroundings, these classes introduce children to movement, agility, and fitness in creative ways — including obstacle courses, group games, stretching, and cooperative challenges that make exercise exciting.

Outdoor Water Play & Splash Pad Inflatable

On hot summer days, campers enjoy supervised outdoor water activities and a splash pad inflatable setup. Water play supports physical development, coordination, and sensory exploration, all while keeping kids cool, refreshed, and having an absolute blast.

Creative & Special Activities

Discovery Camp celebrates every child's imagination and self-expression through a wide range of creative, social, and cultural programming.

Chess

Chess classes are held weekly and are suitable for all levels, from beginners to more experienced players. Chess is a powerful tool for developing strategic thinking, patience, concentration, and logical reasoning. Children enjoy both guided instruction and friendly competition throughout the summer.

Arts & Crafts

Campers express their creativity through a variety of art projects, including painting, drawing, sculpting, and mixed media. Students explore color theory, line, texture, and 3D design using acrylic, pastel, and pencil techniques. Each project encourages artistic confidence, fine motor development, and creative thinking.

Dance Math!

Dance Math is one of our most popular and unique features! Professional instructors combine movement with mathematical concepts, making abstract ideas tangible through rhythm, counting, and patterning. Children learn salsa, cha-cha, and other styles while reinforcing math skills — proving that learning and fun are a perfect pair!

Music Party & Karaoke

Midweek music parties and karaoke sessions bring out the performers in every child! These lively sessions build confidence, self-expression, and a love of music. Whether belting out a favourite song or cheering on a friend, every camper gets to shine.

Costume Parties

Dress-up and themed costume parties are a highlight of the summer! Children come to life as characters from different cultures, historical periods, and their own imaginations. Costume parties build creativity, social connection, and offer some of the most memorable photos of the summer.

Movie & Popcorn Fridays

Every Friday afternoon winds down with a cozy movie and popcorn session — the perfect way to celebrate a great week! Films are selected to be entertaining, age-appropriate, and often connect to the cultural or educational themes explored throughout the week.

Park Visits

Regular park visits provide unstructured outdoor time for free play, exploration, and socializing. Fresh air, open space, and the freedom to play are essential to a child's well-being and are built into our weekly routine.

Daily Photos & Videos

We know how much families want to stay connected to their children's summer experience. That's why we capture and share daily photos and videos so parents can see the smiles, milestones, and magical moments from every single day at camp.

Daily Schedule

Below is our structured daily schedule. All activities are thoughtfully planned to balance learning, physical activity, creative expression, and rest throughout the day.

Time	Monday	Tuesday	Wednesday	Thursday	Friday
8:30 AM	Arrival & Welcome				
9:00 AM	Morning Yoga / Memory, Logic, Math & IQ Games				
10:00 AM	Snack Break				
10:30 AM	Outdoor Time				
11:00 AM	Chess & Math Games	Science Experiments (with Math Elements)	Dance Math!	Library & Reading/Writing	Theme Day Activity
12:00 PM	Lunch / Picnic & Pool Party				
1:00 PM	Sport Day (@ the Park)	Meditation & Outdoor Water Play	Mapping Game!	Chess & Math Games	Theme Day Continued
2:00 PM	Arts & Crafts	Gym in the Nature	Music Party & Karaoke	Arts & Crafts	Free Choice
3:00 PM	Hot Lunch (Homestyle Meal)				
4:00 PM	Theme Day Activity	Interactive Logic Games with Math	Gym in the Nature	Music Party & Karaoke	Movie & Popcorn
5:00 PM	End of Day / Pick-Up				

Note: Friday schedule may vary based on theme days and special events. All outdoor activities are weather permitting.

Meals

We believe that good nutrition fuels great learning and play. At Discovery Summer Camp, we are proud to offer wholesome, homestyle meals prepared with care.

Homestyle Hot Lunch (12:00 PM)

A delicious hot lunch is provided to all campers daily, featuring a nutritious main course, fresh salad, and a dessert.

Hot Afternoon Meal (3:00 PM)

A second hot meal is served in the afternoon, ensuring campers are well-fueled for their remaining activities.

Morning Snack (10:00 AM)

A morning snack break is held daily. Please send your child with a healthy snack from home.

Please inform us of any dietary restrictions or allergies at the time of registration so we can accommodate your child's needs.

Pricing & Registration

Weekly Rate	What's Included
\$400 / week	All educational activities & classes Sports, dance & physical activities One daily hot meal Daily photos & videos for parents All special events & theme days Transportation available separately
